Class 2B, 4 and 5 License Application

1. Read all instructions carefully. **The Board desires to provide courteous and timely service to all applicants. To maximize its efficiency and the level of service, the Board will process complete applications only.** A complete application includes all applicable supporting documents and fees. The Board will not act as your agent in gathering information or supporting documents necessary for the consideration of your license application. Incomplete applications will be returned to you.
2. **Please type or print when completing this form and make sure it is properly signed.**
3. **Include the required application and license fees.** If you are applying for more than one class of license at the same physical address please contact the Board office for further information. **Application fees are non refundable.**
4. **For other than Class 2B, 4 and 5 licenses.** Contact the Board office for the correct application.

SECTION 1 – CLASSIFICATION OF LICENSE REQUESTED

The undersigned hereby applies to the above-named Board under the provisions of Section 590.465 to 590.645, inclusive, of the Nevada Revised Statutes, and the Rules and Regulations of the Nevada Liquefied Petroleum Gas Board, under the Class number(s) hereon checked.

- Class 2B License: A business which operates one or more cylinder exchange cabinets at a fixed location for the resale of propane to the public.
- Class 4 License: A business which operates one or more dispensers at a fixed location for the resale of propane to the public.
- Class 5 License: Those businesses utilizing or causing LP-Gas to be utilized that do not specifically fall within classifications 1A, 1B, 2A, 2B, 3, or 4.

SECTION 2 – FEES

Application Fee: A \$70 non-refundable application fee is required for each class of license applied for.

License Fee: A license fee is required for each class of license applied for. After the initial license fee(s) annual license fee(s) will be assessed on or around the anniversary of the license(s) being approved.

Inspection Fee: An inspection fee will be required for the inspection performed on each installation. After the initial inspection annual inspections will be performed and inspection fees will be assessed upon re-licensing.

SECTION 7 – PLANS AND SPECIFICATIONS

Detailed plans and specifications of new installations of storage facilities with containers that have an individual or aggregate water capacity over 4000 gallons, dispensing stations and cylinder exchange cabinets must be submitted to the Board for approval prior to any commencement of work. For storage facilities the plans must detail all piping and related equipment. For dispensing stations the plans must detail the equipment being installed in relation to property lines, buildings, streets, sidewalks, overhead power lines, all utility easements, emergency electrical shutoff switch, etc. For cylinder exchange cabinets the plans must detail the cabinet(s) in relation to openings into the building, sources of ignition (soda machine, pay phone, etc.), vehicle parking, streets, sidewalks, etc. All plans must give details of how the installation will be protected from vehicle traffic.

Any vertical LP-Gas container that is designed to be self-supporting by the use of steel supports requires a concrete footing. Plans for the required footing must be approved by a Nevada engineer licensed pursuant to chapter 625 of the NRS. The container installation must be able to withstand the anticipated wind and seismic forces at the installation location. The engineer who approves these plans must be aware of the soil conditions at the proposed installation location. This will require a separate soil compaction study be performed by a company that is licensed to do so. The same requirement applies for concrete piers or steel skids designed to support a horizontal container over 4000 gallon water capacity.

Other installations may also require approval by a licensed Nevada engineer. Contact the Board office if you are unsure if your installation requires such approval.

Include a copy of all plans and specifications for your proposed installation. All plans submitted that are approved by an engineer as required above must be the original “wet stamped” plans.

PLEASE NOTE: Any future changes that impact the LP-Gas system shall be reported to the Board office immediately. This may include but is not limited to: LP-Gas equipment change, new construction on property or neighboring property, property use changes, utility relocation, etc.

SECTION 8 – INSURANCE REQUIREMENTS

Licensees must have insurance against liability for injury to persons and damage to property. The insurance must be kept and remain in force during the lifetime of the operation. Certificates showing such coverage must be on file in the office of the Board and in the office of the company. Include a valid copy of the insurance certificate.

The following items must be listed on the Certificate of Liability Insurance:

- The insured must have the physical location and type of installation (LPG cylinder exchange, LPG dispenser, LPG bulk storage, etc.) listed
- The Board must be named as the certificate holder as displayed below:

Nevada LP-Gas Board
P.O. Box 338
Carson City, NV 89702

SECTION 9 – DECLARATION AND AUTHORIZED SIGNATURE

The applicant hereby agrees that he will not allow any non-certified person to dispense propane or have access to equipment that is used to dispense propane.

The applicant understands that the Board is authorized to conduct examinations of any applicant to determine the responsibility, ability, knowledge, experience or other qualification of the applicant for a license.

The applicant understands that he will be subject to disciplinary action up to and including suspension or revocation of his license if at any time his propane installation is found to be operating in violation of applicable safety standards and or regulations.

The applicant understands that this application will be classified as a public record and will be available for inspection by the public.

The applicant understands that being granted a license from the Board does not exempt them from other Federal, State, and local jurisdictional requirements (e.g. business licenses, zoning ordinances, contractor's license, building permits, etc.)

WAIVER OF RIGHT TO NOTICE OF HEARING PURSUANT TO NRS 241.033 AND 241.034

I acknowledge that I am aware that NRS 241.033 and 241.034 entitle me to a written notice:

- a) Delivered personally to me at least 5 working days before the meeting; or
- b) Sent by certified mail to my last known address at least 21 working days before the meeting

of the Nevada Board for the Regulation of Liquefied Petroleum Gas at which administrative action might be taken against me or at which my character, alleged misconduct, professional competence, or physical or mental health may be discussed or considered by the Board. I acknowledge that the Board intends to discuss my character, alleged misconduct, professional competence, or physical or mental health at the next available meeting as such relates to my **application** for certification or licensure by the Board and that the Board intends to **grant** or **deny** my **application**. To deny my application the Board would "take administrative action against" me as that term is used in NRS 241.034.

I acknowledge that the Board may decide to hold a closed session to discuss and consider my character, alleged misconduct, professional competence, or physical or mental health.

I acknowledge that because the Board is attempting to act on my application in an expeditious manner, the next meeting of the Board may be scheduled too soon for the Board to afford me the legally required notice pursuant to NRS 241.033 and 241.034. Because the Board might be unable to notify me in time to comply with NRS 241.033 and 241.034, I have two choices:

- 1) **Waive** the 5-day and 21-day notice by so indicating on the enclosed form, below, in which case my properly completed application will be heard by the Board at their next available meeting, or
- 2) Request a timely notice, in which case my properly completed application will not be heard by the Board until the next available meeting after timely notice has been given to me.

By checking one of the following, I hereby state to the Board:

- I waive** my right to timely notice of the hearing on my properly completed application at the next available Board meeting, and I agree that the Board may discuss, consider and act on my application at that meeting, including **approval** or **denial** of the application, regardless of whether I attend the meeting.

By making this waiver, I assume the responsibility of contacting the Board office from time to time, if I choose to do so, to keep myself apprised of the date of the meeting at which my application will be considered and acted upon.

- I do not waive** my right to timely notice of the hearing on my application, and I affirm that the Board may not discuss, consider or act on my application until timely notice has been given to me; and, therefore, I acknowledge that my application will not be considered until a later meeting.

Signature Requirements: A **principal** (officer, director, owner, or site manager) of the applying company **must** sign this application.

I declare under penalty of perjury under the law of the State of Nevada that the foregoing is true and correct.
